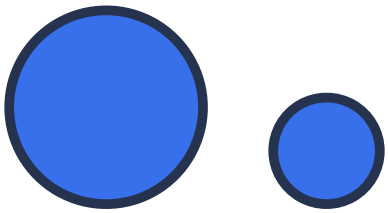
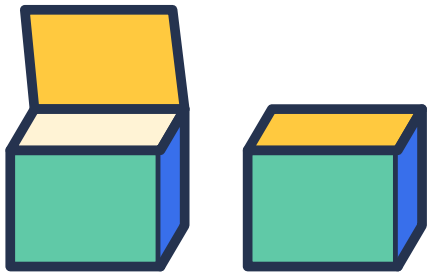
Opposites picture cards

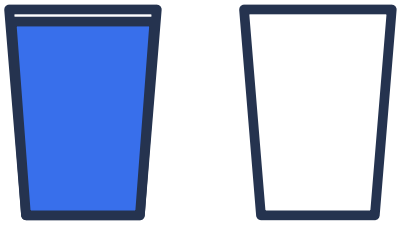
Cut on the dashed outlines. Show a few cards, name the pictures and find real-life matches.



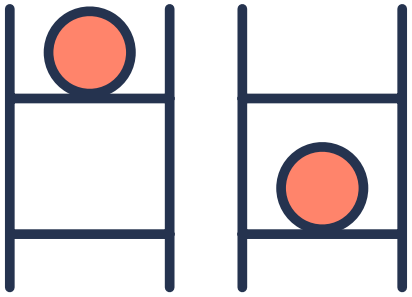
big / small



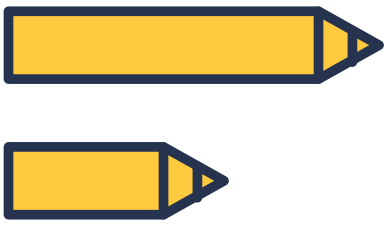
open / closed



full / empty



high / low



long / short

Opposites picture cards — answers

For the grown-up. Accept familiar alternative names where appropriate.

Grown-up note: Reading left to right: big/small balls; open/closed boxes; full/empty cups; high/low balls on shelves. On the pencil card, the long pencil is above the short pencil. Open means the box lid is lifted. Full and empty describe the pictured contents, not the size of the cup.
