Letter C: a looking game

The small numbers help the grown-up check answers. They are not the letters you are looking for.

Find every C and c. Point, circle or color your choices.

Letter C: grown-up guide and game

Choose a small shared activity. No perfect handwriting, completed worksheet or independent reading is expected.

Make and play

Draw a wide curved road shaped like C. Move a toy car slowly around it, leaving the gap open. An adult can add a small c road beside it so the two forms can be compared.

Notice a difference

Compare C with O and G. O closes the gap; G adds a short section inside the opening. Start with C and O only if three choices feel busy.

Example words

cat, cup, car. Find c at the beginning of these written words. These are letter examples; follow school guidance when teaching sounds.
