Letter F: a looking game

The small numbers help the grown-up check answers. They are not the letters you are looking for.

Find every F and f. Point, circle or color your choices.

Keep the model nearby if helpful. Cover part of the grid to make a smaller hunt. A grown-up can check the numbered cells on page 3.

Letter F: grown-up guide and game

Choose a small shared activity. No perfect handwriting, completed worksheet or independent reading is expected.

Make and play

Make a paper F with three strips. Put it next to a drawing of a fish and invent a little fishing sign. Add f below the capital, using the printed model as a reference.

Notice a difference

Compare F with E: E has a bottom bar that F does not. Compare lowercase f with t by noticing the curved top and the position of the crossing stroke in the model you are using.

Example words

fish, fan, foot. Find f at the beginning of these written words. These are letter examples; follow school guidance when teaching sounds.

Letter-hunt answers

Let the child point, talk or direct your hand. Stop for a break whenever needed. An adult prepares paper pieces; keep scraps away from children who mouth objects.
