

Letter L: look, trace and try

Start with a finger, then a pencil if wanted. These models are for recognition and tracing; follow your school's formation guidance.

Look at both forms.

Letter L: a looking game

The small numbers help the grown-up check answers. They are not the letters you are looking for.

Find every L and l. Point, circle or color your choices.

1 l	2 q	3 X	4 e	5 M	6 L
7 A	8 h	9 P	10 w	11 l	12 L
13 S	14 z	15 G	16 l	17 V	18 c
19 J	20 r	21 L	22 f	23 N	24 u

Keep the model nearby if helpful. Cover part of the grid to make a smaller hunt. A grown-up can check the numbered cells on page 3.

Letter L: grown-up guide and game

Choose a small shared activity. No perfect handwriting, completed worksheet or independent reading is expected.

Make and play

Use two paper strips to make a large L. Put a leaf drawing beside the upright, then add a lowercase l. Trace each form with a finger and discuss which version changes direction at the bottom.

Notice a difference

Compare capital L with I and lowercase l with the numeral 1. The exact shapes vary between typefaces, so use the model in front of you rather than promising that every printed version has the same small features.

Example words

leaf, lion, lamp. Find l at the beginning of these written words. These are letter examples; follow school guidance when teaching sounds.

Letter-hunt answers

1 (l), 6 (L), 11 (l), 12 (L), 16 (l), 21 (L). There are six matching cells: three capitals and three lowercase letters.

Let the child point, talk or direct your hand. Stop for a break whenever needed. An adult prepares paper pieces; keep scraps away from children who mouth objects.
