

Sort clothes and food

Name the pictures. Put each one on the Clothes or Food mat. Point instead of cutting if you prefer.

Clothes

Place pictures here.

Food

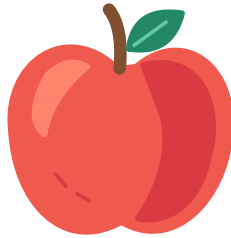

Place pictures here.

Picture pieces for sorting

Name the pictures together. Cut along the dashed outlines with adult help, then use the matching mats.

hat

apple

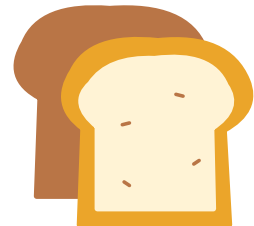

sock

carrot

coat

bread

Keep the sorting mats on the previous page whole. An adult cuts out these six pieces. Place the pictures on their mats, or point while an adult moves them.

Grown-up answer guide

Check the task together. A spoken answer or a point can replace writing.

Clothes: hat, sock, coat. Food: apple, carrot, bread. These are the agreed groups for this sheet. If the child proposes a different sorting rule, discuss it as a separate game instead of treating it as the original answer.

An adult cuts out the cards and keeps scraps away from children who mouth objects. Scissors are optional: the child can draw a line or point. The food category describes the illustration; it is not an invitation to eat paper or unfamiliar items.
