

Count the ten-frames

Touch each dot once. Say or write how many dots you can see.

How many?

How many?

Make a number

Use one counter or mark in each space. There are ten spaces.

Ten-frame counting mats

Grown-up guidance · keep separate from the activity

Grown-up answers

The example frames show 3 and 8. A complete frame has 10 spaces.
The frame showing 8 has 2 empty spaces.

Support

Use suitable objects under adult supervision. A child can direct an adult's placement or draw marks instead of handling loose counters.
